

**HUGHES NEWS JULY 2021**

## **Courage in Times of Conflict**

**Courage is not being unafraid; Courage is standing up for what you believe is right.**

**In turbulent times we must continue on a path of righteousness and not be subjected to the views of those we do not agree with. Diplomacy is important but, going along to get along is not an acceptable path. If everyone thinks alike then someone is not thinking. Blind agreement will hurt everyone in the long term. Discussion of different ideas can get the wheels turning to improve everything.**

**We at Rubicon Recruiting know that working together, everyone will be more successful.**
